Every THREE years, Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA), through the Centre for Modern Languages (CML) brings language educators, practitioners and industry players together to share and discuss how the learning and teaching of languages can be enhanced using available information and AI technology. This emphasis on innovation and adaptation to the modern era directly aligns with the theme of **'Embracing Sustainable Development Goals (SDGs) in Teaching and Learning of Languages'.** In essence, the event represents a practical step forward in the pursuit of SDGs by equipping learners with the linguistic skills needed to engage with global issues, fostering intercultural understanding, and facilitating communication across borders – all critical components of sustainable development.

PUBLICATION OPPORTUNITIES

All accepted paper submissions for ICoLLT 4.0 2024 will be published in European Proceedings of Educational Sciences (EpES) by European Proceedings (minimum 100 papers). Once published, the proceedings will be submitted for evaluation and possible coverage in Web of Science Core Collection™ and Conference Proceedings Citation Index-Social Sciences & Humanities (CPCI-SSH).
